

# ICERP 2026

INTERNATIONAL CONFERENCE & EXHIBITION  
ON REINFORCED PLASTICS

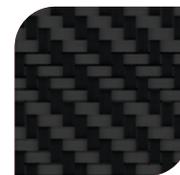

14<sup>th</sup> - 16<sup>th</sup>  
December 2026

HALL # 6

Bombay Exhibition Center,  
Goregaon East,  
Mumbai, India

- ◆ EXHIBITION
- ◆ CONFERENCE
- ◆ ICERP - JEC INNOVATION AWARDS
- ◆ PROCESS DEMOS
- ◆ PRODUCT DISPLAY
- ◆ TECHNICAL SALES PRESENTATIONS
- ◆ NETWORKING PROGRAM
- ◆ PANEL DISCUSSION

Organized By:

# A GATEWAY TO THE INDIAN COMPOSITES MARKET

The Indian composites industry is expected to have high growth rate in the next few years. The demand within the country is growing with a lot of infrastructure spends. India's budget allocation to defence and aerospace has also been steadily increasing. The key growth drivers of the industry are **Wind Energy, Infrastructure, Mass Transportation, Automobile, Building & Construction, Tele-communication, Aerospace, Defence Sector** etc. The relatively stable Indian economy offers opportunities for international companies for making investments in Indian composites industry. Low manufacturing costs combined with skill-set available can be tapped for producing cost-effective world class products.

## ABOUT FRP INSTITUTE

FRP Institute is a not-for-profit professional society of the Indian Composites fraternity and was founded in the year 1999. It has members from all over India and it works in close collaboration with Industries and Institutions for upgrading technology and to promote the growth of the Indian composites industry. FRP Institute helps in outsourcing of composite raw materials and products from India. FRP Institute facilitates tie-ups between Indian companies and companies abroad.

## EXHIBITION

The event will be an ideal platform for the companies to showcase their capabilities to global composites fraternity and to explore new business opportunities in India.

## CONFERENCE

The conference will focus on the latest developments on composites and presentations will be given by the leading Indian and global composites experts. It will also provide update on composites in terms of raw materials, process developments, machinery, case studies etc.

## INNOVATION AWARDS PROGRAM

To promote and encourage innovations on composites carried out In India, **FRP Institute** in association with **JEC Group, France** gives away **ICERP-JEC Innovation Awards** during the event.

## PANEL DISCUSSIONS

There will be panel discussions by industry leaders and experts as they share insights on emerging trends, innovations, and challenges shaping the future of the composites industry. A dynamic exchange of ideas designed to spark collaboration and drive growth.

## COMPOSITES PRODUCT DISPLAY

There will be a display of selected composites products and Innovative products developed In India.

## PROCESS DEMONSTRATION

Live demonstrations of composite manufacturing processes to provide practical insights into technologies, techniques, and best practices.

## TECHNICAL SALES PRESENTATIONS

The aim of technical sales presentation program is to create a platform for the Industry to give an update on their new developments or Innovations and other advancements.

# HIGHLIGHTS OF ICERP 2025

**Chief Guest for ICERP 2025 : SHRI NITIN GADKARI,**  
Honorable Minister of Road Transport & Highways, Government of India
